- Write `twc3`
  - Source code for submission
    - `twc3.c`
  - Make sure that your code must work properly

# Lab #13-4: Writing `twc4`

- Write `twc4`
  - Source code for submission
    - `twc4.c`
  - Make sure that your code must work properly

# Lab #13: Submission

- Deadline: Tomorrow 11:59pm
  - Create a directory name (`lab13`) to another using a series of the following commands:
    - `mkdir lab13_s<Your_Student_ID>`
      - Assume your ID is 2022000000.
    - Zip your folder:
      - `zip -r lab13_s2022000000.zip lab13_s2022000000`
  - Please include your **source codes** and **screenshots** of your output
  - Upload the zipped directory (`lab13_s2022000000.zip`) into LMS
